BLOOD DONATION CAMP

A. M. Shaikh Homoeopathic Medical College & Hospital Belagavi, organized a Blood Donation Camp on the auspicious occasion of Founder's Day. The initiative aimed to encourage the spirit of service and humanitarian contribution among all members of the Shaikh Group of Institutions (SGI).

The camp was conducted in coordination with Dr. Prabhakar Kore's KLE Hospital Blood Bank, Belagavi, ensuring proper medical supervision and safety standards.

All Heads of Institutions (HOIs), Heads of Departments (HODs), associates, post-graduates, interns, and students of all SGI units were invited to actively participate. The administration remarked that donating blood is one of the noblest acts one can perform, as each unit of blood has the potential to save multiple lives. Contributions made during this camp would significantly benefit needy and underprivileged patients in and around Belagavi.

The institution expressed heartfelt gratitude to everyone who stepped forward to donate blood, acknowledging their valuable role in supporting healthcare needs for humanity. The camp served not only as a humanitarian effort but also as a reminder of the Founder's vision of service, compassion, and social responsibility.
